Coronavirus test coverage

APWU Health Plan will waive the cost of coronavirus testing for members

The cost of coronavirus (COVID-19) testing is a concern among postal and federal employees and retirees. Health Plan members will have access to coronavirus testing, as prescribed by a health care professional, and the Plan will waive the deductible and coinsurance. Containing the outbreak is the Health Plan's number one priority.

Testing is available at LabCorp and Quest Diagnostics.

If you suspect you may have been exposed to the coronavirus or are exhibiting symptoms, ask your health care professional to make the appropriate testing recommendation in line with CDC guidelines.

To lessen your risk of exposure, use your telehealth options

Virtual visits are a great option when you need to see a doctor without leaving home. With a virtual visit, you can see and talk to a doctor from your phone, tablet, or computer—24 hours a day, 7 days a week. In addition to providing a consultation and diagnosis, doctors can send a prescription to your local pharmacy.
