

Contraceptive Preferred Product Offering – 2022

Following is a list of contraceptives that are currently included in the standard contraceptive Preferred Product offering for the Preventive Items and Services Program. Contraceptives are provided at a zero cost share as mandated by the AffordableCare Act (ACA). The list is subject to change to remain compliant with ACA guidelines.

Please note: coverage of medications at \$0 cost share is dependent on the list of medications covered by your drug formulary. Please refer to your drug formulary first before making an assumption that coverage of a medication is \$0.
