# A Personal Care Account is an easy way to reduce your expenses.

The Consumer Driven Option provides a flexible alternative to conventional health plans. The Personal Care Account (PCA) helps cover your healthcare expenses, lowering any deductible you may have to pay.

Self Only  
\$2,200 Plan Deductible

Self Plus One or Family  
\$4,400 Plan Deductible

## Get to know the Consumer Driven Option plan.

**Plan deductible:** The total amount of eligible medical expenses you must meet each year before traditional health coverage begins.

**Personal Care Account (PCA):** APWU Health Plan contributes funds to your PCA each year. By using this money to pay for eligible medical expenses, you decrease your plan deductible and out-of-pocket expenses.

**Net deductible:** The remaining amount you have to pay once the funds in your PCA have been exhausted and before traditional health coverage begins. **Net deductible = plan deductible - PCA.**

**Traditional health coverage:** Your benefits begin after you satisfy the plan deductible. For most services, you pay only 15% of the cost.

# Your PCA covers 100% of all covered healthcare expenses.

The Consumer Driven Option features a PCA that covers your healthcare expenses. In January, the plan funds your PCA at \$1,200 per year for Self Only enrollment or \$2,400 per year for Self Plus One or Self and Family enrollment.

## You can use your PCA for:

- ✓ **Medical care**
- ✓ **Prescription drugs and supplies**
- ✓ **Dental treatment**
- ✓ **Vision, including eyeglasses and contact lenses (up to \$400 for Self Only and \$800 Self Plus One and Self and Family)**
- ✓ **Surgery and hospital services**
- ✓ **Mental health and substance use treatment**
- ✓ **Emergency care**

Your PCA covers both in-network and out-of-network services. However, care can be less expensive when you stay in the network because network providers discount their fees.

## Roll over unused funds in your PCA.

If you have money in your PCA at the end of the year, you can roll over the balance to the next year, as long as you stay enrolled in this plan. The maximum amount allowed in your PCA balance in any given year is \$5,000 Self Only enrollment and \$10,000 Self Plus One and Self and Family enrollment.

## How your PCA works

1

Your full PCA balance is available in January. Use your PCA for any eligible expenses.

2

If you use up your PCA funds, you need to satisfy your annual net deductible.

3

After you satisfy the annual plan deductible, you pay coinsurance—a percentage of the cost of covered healthcare—and the plan pays the rest.

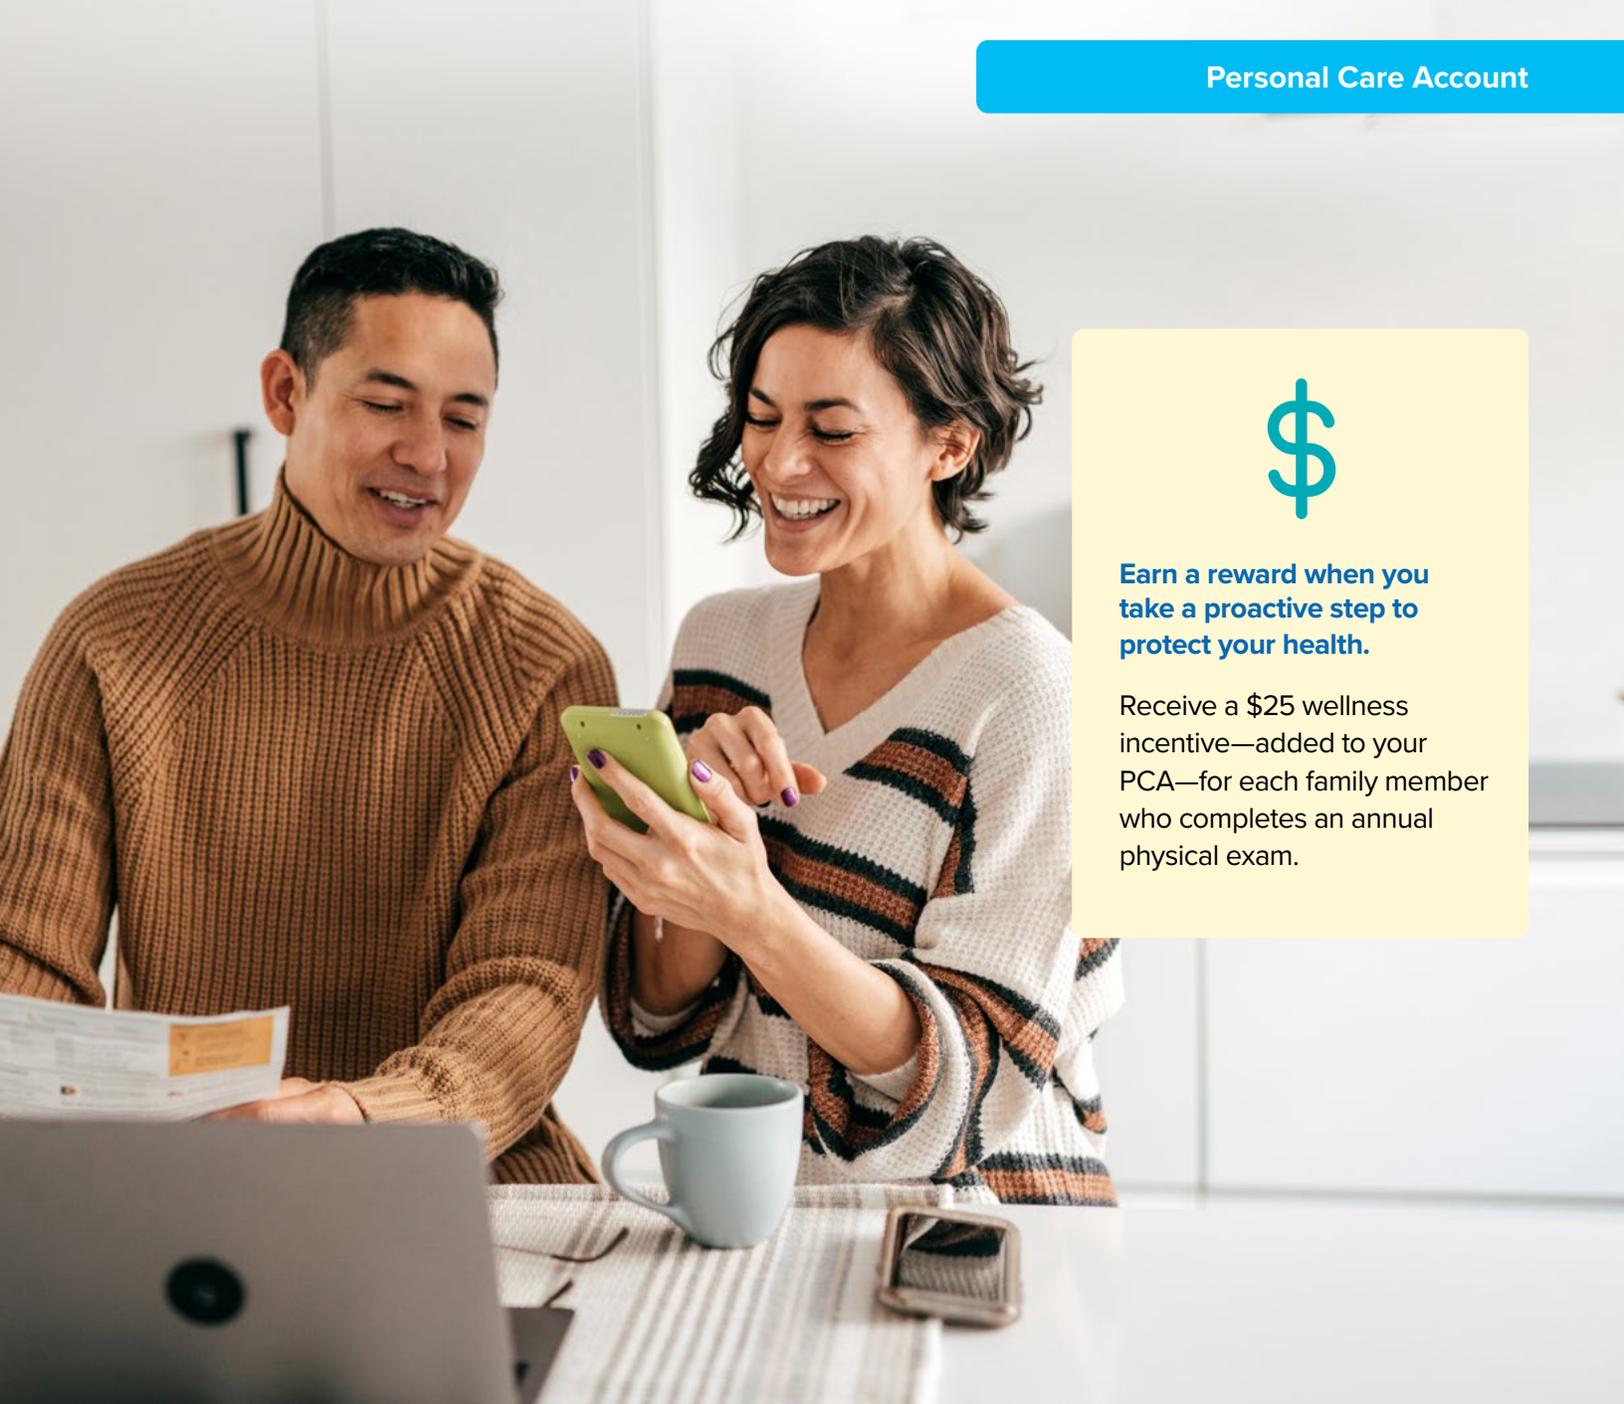

4

If you reach the out-of-pocket maximum, the plan pays 100% of your covered healthcare costs for the rest of the year.

# Find answers to your questions about your Personal Care Account (PCA).

Question	PCA
<b>What is it?</b>	It's a health reimbursement account to help you pay for covered healthcare services and eligible medical expenses.
<b>How do I get it?</b>	You get it when you sign up for your health plan.
<b>Who owns it?</b>	APWU Health Plan.
<b>Who puts money in it?</b>	Only APWU Health Plan.
<b>How is money put in it?</b>	APWU Health Plan puts all of the money in the account at the start of the plan year.
<b>If I don't spend it all this year, can I use it next year?</b>	Yes. APWU Health Plan can limit the amount that can carry over. The maximum amount allowed in your PCA balance in any given year is \$5,000 Self Only and \$10,000 Self Plus One and Self and Family.
<b>Can I keep it if I leave APWU Health Plan? What happens to the money?</b>	No. APWU Health Plan keeps the money.
<b>When can I start spending it?</b>	You can start spending your PCA on the first day of the plan year.
<b>Do I have to pay taxes on it?</b>	No. You don't have to pay federal or state income taxes on this money.
<b>What can I pay for with it?</b>	You can pay for eligible medical expenses determined by the IRS and APWU Health Plan. You can also use it to pay for dental, vision and other healthcare services and supplies listed under Section 213(d) of the Internal Revenue Code.
<b>Can I have any other accounts with it?</b>	Yes. You can have a healthcare FSA and dependent care FSA.
<b>If I receive COBRA benefits, do COBRA rights apply to it?</b>	Yes.

**Earn a reward when you take a proactive step to protect your health.**

Receive a \$25 wellness incentive—added to your PCA—for each family member who completes an annual physical exam.

### **Choose how you pay for medical claims.**

If you have funds available in your PCA, claims will be paid out of your PCA first. If you want to use your FSA or another account to pay a medical bill, you can instruct the Health Plan to turn off your PCA for the plan year. In some cases, you may have to pay the cost of the services up front. Pharmacy claims will always be paid out of your PCA, as long as you have funds available.

## Protect your health and well-being with 100% covered services.

**You pay nothing for preventive care and routine screenings when you choose a network doctor.**

Regular checkups and routine screenings help protect your health. It's important to see your doctor each year, even if you feel healthy. Your doctor can identify risk factors for diseases, share tips for healthy living, make sure your immunizations are up-to-date and identify health issues before they become a problem.

### Find your doctor.

With the Consumer Driven Option, you can use any doctor, clinic, hospital or healthcare facility you want. But you'll save money when you see providers in the UnitedHealthcare network. If you use out-of-network providers, you'll have a lower level of coverage.

Visit [apwuhp.com](https://apwuhp.com) to search the provider directory and find doctors in the UnitedHealthcare network.

# 100% covered in-network

## Annual adult routine exams and immunizations

Regular preventive care visits are part of maintaining a good relationship with your primary care doctor.

## Well-child exams and immunizations

Regular exams and tests are an effective way to track your child's health and development. Pediatricians recommend well-child checkups for kids and teens.

## Breast cancer screenings

Treatment is more likely to be successful the sooner breast cancer is detected. The plan offers 100% coverage for in-network annual mammograms for women starting at age 40. Women age 65 and older can get a mammogram every calendar year.

## Maternity care

Get the care you need for a healthy pregnancy. Regular prenatal visits throughout your pregnancy can help catch potential issues early and reduce the risk of complications.

## High blood pressure screenings

High blood pressure—also known as hypertension—often has no symptoms, so it's important to be screened at your annual routine exam.

## Diabetes screenings

The symptoms of diabetes are often hard to spot. If you have any risk factors for diabetes, talk to your doctor about getting your blood sugar tested.

**Receive a \$25 wellness incentive—added to your PCA—for each family member who completes an annual physical exam.**

## Members pay \$0.

These services are covered 100% when you choose a network doctor:

- ✓ Preventive care and screenings
- ✓ Well-woman care
- ✓ Healthy pregnancy program
- ✓ Tobacco cessation program

**Use any dentist you choose.**

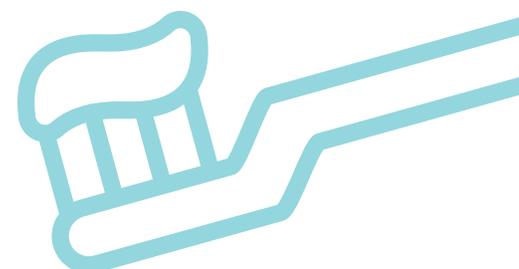

If you were a member of a dental plan that made you use a specific dentist, you may continue to use that dentist, but it's not required.

**Who is eligible to enroll?**

**Postal workers:** All APWU members in good standing, including active workers, PSEs who work at least 20 hours a week and retirees.

**Federal workers:** All federal employees are eligible—you don't have to be a postal worker. If you are eligible for FEHB, you can enroll in the dental plan. As part of your enrollment, you will be billed a \$35 fee to become an associate member of the APWU.

**Eligible dependents:** These include lawful spouses or domestic partners and any unmarried dependent children you support up to age 26, subject to state variations.
