## Lower your Health Plan premiums as a Postal Support Employee (PSE)

1. When you're hired as a PSE, you are eligible for the USPS health plan administered by CareFirst/BCBS—a plan for non-career employees. You must be enrolled in FEHB for 26 weeks to qualify for the special rate.
2. After you complete one year of service, you become eligible for the APWU Health Plan Consumer Driven Option. (You're also eligible for other health plans in the FEHB Program but must pay the total amount of the premium for those plans.) **With the Consumer Driven Option, the United States Postal Service (USPS) pays 75% of your premium.**
3. After a year enrolled as a career employee, the premium drops to the APWU special rate where the USPS pays 95%. Time enrolled as a PSE in the Consumer Driven Option counts toward the one-year requirement when you convert to career.

# Your Personal Care Account helps cover your healthcare expenses and lowers any deductible you may have to pay.

## Overall plan features

### Personal Care Account (PCA)

In January, the Health Plan funds a PCA members can use for covered medical services. Members are covered 100% until the PCA is exhausted.

Self Only	\$1,200
Self Plus One / Self and Family	\$2,400

### Roll over unused funds in your PCA

As long as you stay enrolled in this plan, any unused balance in your PCA at the end of the calendar year may be rolled over to subsequent years. The maximum amount allowed in your PCA balance in any given year is \$5,000 for Self Only and \$10,000 for Self Plus One and Self and Family.

## Net deductible

	In-network	Out-of-network	Coinsurance
Self Only	\$1,000	\$1,500	Once the deductible is met, you pay coinsurance for in- or out-of-network services and prescription drugs. A deductible is the amount the member pays before carrier begins to pay.
Self Plus One / Self and Family	\$2,000	\$3,000	

## Out-of-pocket maximum

Both medical and prescription drugs	In-network	Out-of-network	
Self Only	\$6,500	\$13,000	The plan has a built-in out-of-pocket maximum that, when reached, allows the rest of your annual healthcare costs to be paid at 100% (medical, prescription drugs, and PCA). PCA and net deductible expenses are included in accumulation of out-of-pocket expenses.
Self Plus One / Self and Family	\$12,000	\$24,000	

## How your PCA works

1

Your full PCA balance is available in January. Use your PCA for any eligible expenses.

2

If you use up your PCA funds, you need to satisfy your annual net deductible.

3

After you satisfy the annual plan deductible, you pay coinsurance—a percentage of the cost of covered healthcare—and the Plan pays the rest.

4

If you reach the out-of-pocket maximum, the Plan pays 100% of your covered healthcare costs for the rest of the year.
