Non-Postal rates apply to all career non-bargaining unit Postal Service employees and career employees represented by the NRLCA, APWU, NPMHU and NPPN agreements.

Non-Postal rates apply to Postal executive, Law Enforcement and Management Association.

NALC (See Postal Category 1 in full Brochure).

Postal rates do not apply to non-career Postal employees, Postal retirees, and associate members of any Postal employee organization who are not career Postal employees.

A Personal Care Account is an easy way to reduce your expenses.

The Consumer Driven Option provides a flexible alternative to conventional health plans. The Personal Care Account (PCA) helps cover your health care expenses, lowering any deductible you may have to pay.

Self Only
\$2,200 Plan Deductible

Self Plus One or Family
\$4,400 Plan Deductible

Get to know the Consumer Driven Option plan.

Plan deductible: The total amount of eligible medical expenses you must meet each year before traditional health coverage begins.

Personal Care Account (PCA): APWU Health Plan contributes funds to your PCA each year. By using this money to pay for eligible medical expenses, you decrease your plan deductible and out-of-pocket expenses.

Net deductible: The remaining amount you have to pay once the funds in your PCA have been exhausted and before traditional health coverage begins. **Net deductible = plan deductible - PCA.**

Traditional health coverage: Your benefits begin after you satisfy the plan deductible. For most services, you pay only 15% of the cost.

Your PCA covers 100% of all covered health care expenses.

The Consumer Driven Option features a PCA that covers your health care expenses. In January, the plan funds your PCA at \$1,200 per year for Self Only enrollment or \$2,400 per year for Self Plus One or Self and Family enrollment. You can use your PCA for:

- Medical care
- Prescription drugs and supplies
- Dental treatment
- Vision, including eyeglasses and contact lenses
- Surgery and hospital services
- Mental health and substance use treatment
- Emergency care

Your PCA covers both in-network and out-of-network services. However, care can be less expensive when you stay in the network because network providers discount their fees.

Roll over unused funds in your PCA.

If you have money in your PCA at the end of the year, you can roll over the balance (up to the maximum allowed amount) to the next year, as long as you stay enrolled in this plan.

How your PCA works

1

Your full PCA balance is available in January. Use your PCA for any eligible expense.

2

If you use up your PCA funds, you need to satisfy your annual net deductible.

3

After you satisfy the annual plan deductible, you pay coinsurance—a percentage of the cost of covered health care—and the plan pays the rest.

4

100%

If you reach the out-of-pocket maximum, the plan pays 100% of your covered health care costs for the rest of the year.

Learn the features of a Personal Care Account (PCA).

| | PCA |
|--|---|
| What is it? | It's a health reimbursement account to help you pay for covered health care services and eligible medical expenses. |
| How do I get it? | You get it when you sign up for your health plan. |
| Who owns it? | APWU Health Plan. |
| Who puts money in it? | Only APWU Health Plan. |
| How is money put in it? | APWU Health Plan puts all of the money in the account at the start of the plan year. |
| If I don't spend it all this year, can I use it next year? | Yes. APWU Health Plan can limit the amount that can carry over. |
| Can I keep it if I leave APWU Health Plan? What happens to the money? | No. APWU Health Plan keeps the money. |
| When can I start spending it? | You can start spending your PCA on the first day of the plan year. |

| | PCA |
|--|---|
| Do I have to pay taxes on it? | No. You don't have to pay federal or state income taxes on this money. |
| What can I pay for with it? | You can pay for eligible medical expenses determined by the IRS and APWU Health Plan. You can also use it to pay for dental, vision and other health care services and supplies listed under Section 213(d) of the Internal Revenue Code. |
| Can I have any other accounts with it? | Yes. You can have a health care FSA and dependent care FSA. |
| If I receive COBRA benefits, do COBRA rights apply to it? | Yes. |

Choose how you pay for medical claims.

If you have funds available in your PCA, claims will be paid out of your PCA first. If you want to use your FSA or another account to pay a medical bill, you can instruct the health plan to turn off your PCA for the plan year. In some cases, you may have to pay the cost of the services up front. Pharmacy claims will always be paid out of your PCA, as long as you have funds available.

100% covered services.

You pay nothing for preventive care and routine screenings when you choose a network doctor. Preventive medications are also covered 100%.

Regular checkups and routine screenings help protect your health. It's important to see your doctor each year, even if you feel healthy. Your doctor can identify risk factors for diseases, share tips for healthy living, make sure your immunizations are up to date and identify health issues before they become a problem.

Find your doctor.

With the Consumer Driven Option, you can use any doctor, clinic, hospital or health care facility you want. But you'll save money when you see providers in the UnitedHealthcare network. If you use out-of-network providers, you'll have a lower level of coverage.

Visit apwuhp.com to search the provider directory and find doctors in the UnitedHealthcare network.

Annual adult routine exams, lab tests and immunizations

Checkups and screenings can help prevent diseases and other health problems. Regular preventive care visits are part of maintaining a good relationship with your primary care doctor.

Breast cancer screenings

Mammograms are important for women because treatment is more likely to be successful the sooner breast cancer is detected. These tests are covered for women age 35 and older.

High blood pressure screenings

High blood pressure—also known as hypertension—often has no symptoms, so it's important to be screened at your annual routine exam.

Well-child exams and immunizations

Regular exams and tests are an effective way to track your child's health and development. Pediatricians recommend well-child checkups for kids and teens.

Prenatal care

Get the care you need for a healthy pregnancy. Regular prenatal visits throughout your pregnancy can help catch potential issues early and reduce the risk of complications.

Diabetes screenings

The symptoms of diabetes are often hard to spot. If you have any risk factors for diabetes, talk to your doctor about getting your blood sugar tested.

Members pay \$0.

These services are covered 100% when you choose a network doctor:

-  Preventive care and screenings
-  Well woman care
-  Healthy pregnancy program
-  Tobacco cessation program

Receive a \$25 wellness incentive—added to your PCA—when you or a covered family member completes an annual physical exam.

Your PCA covers the cost of prescription drugs.

Save money when you use OptumRx® Home Delivery

OptumRx, a UnitedHealthcare company, provides pharmacy benefits for the Consumer Driven Option. The OptumRx network features more than 64,000 retail pharmacies, including all large national chains, many local community pharmacies and OptumRx Home Delivery.

If you fill a prescription when you have benefit dollars available in your PCA, the funds will be applied and you may pay nothing.

Consider your dental coverage options.

1. As a Consumer Driven Option member, you can pay for eligible dental expenses from your PCA as long as funds are available. You'll pay for dental care at the time of service.
2. Federal and postal employees and retirees can also enroll in the APWU Health Plan Dental Insurance Plan. You'll pay a separate premium for this plan and can use any dentist you choose. There is no deductible for preventive services, including exams, X-rays and cleanings.

Learn more about the APWU Health Plan Dental Insurance Plan and download the brochure:

- Go to apwuhp.com
- Select the **Become a Member** tab
- Under **CONSUMER DRIVEN OPTION**, select **Dental**

Members who enroll in the APWU Health Plan Dental Plan pay a separate premium.
