Protect your health and well-being with preventive care and routine screenings.

Enjoy 100% coverage for in-network preventive care.

Wellness checkups

Annual adult routine exams and immunizations

Seeing a doctor regularly means they get to know you and your health, making it easier to guide you to appropriate care. And, your doctor may catch a health issue before it becomes serious.

Well-child exams and immunizations

Regular well-child visits allow a healthcare provider to track your child's growth and development, find or prevent health issues, and answer questions. The American Academy of Pediatrics recommends a series of well-child visits in the first 3 years of your child's life and annual visits for children 4 years and older.¹

Recommended screenings

High blood pressure screenings

High blood pressure—also known as hypertension—often has no symptoms, so it's important to be screened at your annual routine exam.

Diabetes screenings

The symptoms of diabetes are often hard to spot. If you have any risk factors for diabetes, talk to your doctor about getting your blood sugar tested.

Cancer screenings

Regular cancer screenings may detect cancer early, before it has a chance to spread.²

Recommended screenings include:

- Cervical cancer screening starting at age 21³
- Colorectal cancer screening starting at age 45⁴
- Breast cancer screening starting at age 40⁵

APWU Health Plan covers routine mammograms as follows:

- Age 35–39, one during this five-year period
- From age 40–64, one every calendar year
- Age 65 and older, one every two consecutive calendar years

For a full list of recommended screenings, visit uhc.com/preventivecare.

Care and support

Maternity care

Regular prenatal visits throughout your pregnancy can help catch potential issues early and reduce the risk of complications.

Contraception

Contraceptive drugs and devices as listed on the ACA/HRSA websites are covered at 100%.

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Get to know how your Personal Care Account (PCA) works.

The Consumer Driven Option features a PCA that covers your healthcare expenses and lowers any deductible you may have to pay. In January each year, the Plan funds your PCA at \$1,200 per year for Self enrollment or \$2,400 per year for Self Plus One or Self & Family enrollment. If you are hired mid-year, the amount will be prorated.

1

Your full PCA balance is available in January. Use your PCA for any eligible expenses.

2

If you use up your PCA funds, you need to satisfy your annual net deductible.

3

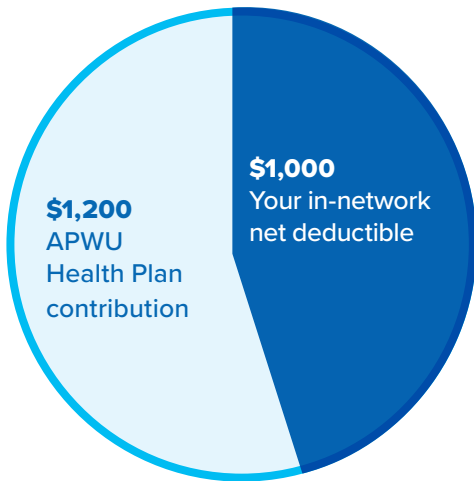

After you satisfy the annual plan deductible, you pay coinsurance—a percentage of the cost of covered healthcare—and the Plan pays the rest.

4

If you reach the out-of-pocket maximum, the Plan pays 100% of your covered healthcare costs for the rest of the year.

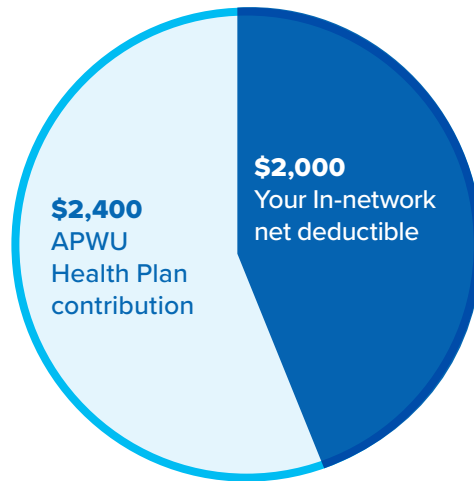

Self

\$2,200 Plan deductible

Self Plus One or Self & Family

\$4,400 Plan deductible

\$25

Earn rewards when you take proactive steps to protect your health.

Receive a \$25 wellness incentive—added to your PCA—for each family member who completes:

- An annual physical exam
- Mammogram
- Cervical cancer screening

Your PCA covers 100% of all covered healthcare expenses.

You can use your PCA to cover both in-network and out-of-network services. However, care can be less expensive when you stay in the network because network providers discount their fees.

Use your PCA for:

- ✓ Medical care
- ✓ Prescription drugs and supplies
- ✓ Dental and vision, including eyeglasses and contact lenses (up to \$400 for Self coverage, and \$800 for Self Plus One or Self & Family coverage)
- ✓ Surgery and hospital services
- ✓ Mental health and substance use treatment
- ✓ Emergency care
- ✓ **NEW for 2025:** Use your PCA to pay the Medicare Part B premium

Get to know the Consumer Driven Option.

Plan deductible: The total amount of eligible medical expenses you must meet each year before traditional health coverage begins.

Personal Care Account (PCA): APWU Health Plan contributes funds to your PCA each year. By using this money to pay for eligible medical expenses, you decrease your plan deductible and out-of-pocket expenses.

Net deductible: The remaining amount you have to pay once the funds in your PCA have been exhausted and before traditional health coverage begins. **Net deductible = Plan deductible - PCA.**

Split deductible: Under Self Plus One or Self & Family coverage, each member must meet the deductible before the Health Plan starts helping with medical bills.

Traditional health coverage: Your benefits begin after you satisfy the Plan deductible. For most services, you pay only 15% of the cost if you use a network provider.

Choose how you pay for medical claims.

If you have funds available in your PCA, claims will be paid out of your PCA first. If you want to use your FSA or another account to pay a medical bill, you can instruct the Health Plan to turn off your PCA for the Plan year. In some cases, you may have to pay the cost of the services up front. Pharmacy claims will always be paid out of your PCA, as long as you have funds available.

Consumer Driven Option

A proactive alternative to conventional health plans

Overall plan features

In January each year, the Health Plan funds a Personal Care Account (PCA) members can use for covered medical services. Members are covered 100% until the PCA is exhausted.

Save money by staying in network.

APWU Health Plan covers most out-of-network services at 50% of the Plan allowance, while the member pays 50%.

In-network	Out-of-network	In-network	Out-of-network
\$2,000	\$3,000	\$13,000	\$24,000

What is an out-of-pocket maximum?

This is the most you may have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance for in-network care and services, the Health Plan pays 100% of the costs of covered benefits.

PCA rollover

As long as you remain in this plan, any unused balance in your PCA at the end of the calendar year may be rolled over to subsequent years. The maximum amount allowed in your PCA balance in any given year is \$5,000 for Self and \$10,000 for Self Plus One and Self & Family.

APWU Health Plan works with Medicare.

You're eligible for Medicare if you are a U.S. citizen or legal resident who has lived in the country for at least five consecutive years. The federal health insurance plan is for people who:

- Are age 65 and older
- Have a qualifying disability and are any age
- Have specific medical conditions

If you or your spouse are employed and have an APWU Health Plan, **APWU Health Plan is your primary health plan** and Medicare is secondary. If both you and your spouse are retired, **Medicare is your primary coverage** and APWU Health Plan is secondary.

Part A

Hospital coverage

In general, members with Part A as their primary insurance do not need to pre-certify hospital stays. However, a stay must be pre-certified prior to the 90th day of confinement in a benefit period.

Part B

Medical coverage

Medicare pays first, and the Plan pays second. When Medicare is primary and you have the **High Option**, most of your medical expenses are covered 100% because your deductible and coinsurance are waived for covered services. With the **Consumer Driven Option**, deductibles and coinsurance are not waived, but you can use your PCA to be reimbursed for your Part B premiums.

Medicare participating doctors and suppliers: Medicare usually pays 80% for covered services after you satisfy the Part B annual deductible. As long as services represent a covered benefit, the **High Option** pays the Part B deductible and the 20% coinsurance, which means you're covered 100%. With the **Consumer Driven Option**, if you have benefit dollars in your PCA, the Medicare deductible and coinsurance will be paid.

Part D

Prescription drug program (PDP)

As a retiree covered under the FEHB High Option, you will be automatically enrolled in our Part D prescription drug program (PDP). [See page 12.](#)

The High Option offers 100% coverage for your medical bills.

When you enroll in both Medicare Part A and Part B, our High Option plan can help maximize your healthcare coverage and get your medical bills paid 100%.

As a member of the High Option plan, you can rely on:

- ✓ Waived deductible, coinsurance, and copay on most covered services
- ✓ A nationwide UnitedHealthcare network of 1.7+ million providers (as of July 2023)
- ✓ No referrals needed
- ✓ Personal service from people who care

HO

Enroll in our Medicare Advantage plan to receive added benefits and reduced costs.

Preventive dental benefits are part of the High Option and have no deductible.

The High Option pays 70% of the Health Plan allowance, while members are responsible for 30% and any difference between our allowance and the billed amount. Benefits include:

- ✔ Office visits for routine dental care, exams, and fluoride treatment (limited to 2 visits per year)
- ✔ Cleanings (limited to 2 per year)
- ✔ X-rays of all types (limited to 2 per year)
- ✔ Fillings (not including crowns or in-lay/on-lay restoration)
- ✔ Simple extractions

General anesthetics are not covered unless due to an underlying medical condition.

You're free to use any dentist you choose.

As a High Option member, you're not required to choose dentists in a specific network. There is no network, so you can keep seeing your current dentist or choose a new dentist in your neighborhood.

Some providers may require you to pay at the time of service and file a claim with APWU Health Plan.

Access dental care through the Careington Dental Discount Network.

Take advantage of savings offered by a national leader in dental care. Transparent pricing with fee schedules let you know what each dental treatment costs before your appointment.

- ✓ Save 20% to 50% on routine oral exams, unlimited cleanings, and major work, such as dentures, root canals, and crowns
- ✓ 20% savings on orthodontics, including braces and retainers
- ✓ Cosmetic dentistry, such as bonding and veneers, are also included

As a Consumer Driven Option member, you can maximize your PCA dollars by using dentists in the Careington Dental Discount Network.

Visit any participating dentist and change providers at any time.

Careington features one of the largest dental networks in the nation. All dentists must meet highly selective credentialing standards based on education, background, license standing, and other requirements.

UnitedHealthcare Hearing is provided through UnitedHealthcare, offered to existing members of certain products underwritten or provided by UnitedHealthcare Insurance Company or its affiliates to provide specific hearing aid discounts. This is not an insurance nor managed care product, and fees or charges for services in excess of those defined in program materials are the member's responsibility. UnitedHealthcare does not endorse nor guarantee hearing aid products/services available through the hearing program. This program may not be available in all states or for all group sizes. Components subject to change.

Cancer Support Program is a program, not insurance. Availability may vary on a location-by-location basis and is subject to change with written notice. UnitedHealthcare does not guarantee availability of programs in all service areas and provider participation may vary. Certain items may be excluded from coverage and other requirements or restrictions may apply. Please check with your UnitedHealthcare representative.

The information provided under the Maternity Support Program is for general informational purposes only and is not intended to be nor should be construed as medical and/or nutritional advice. Program nurses cannot diagnose problems or suggest treatment. This program is not a substitute for your doctor. Participants should consult an appropriate health care professional to determine what may be right for them. Employers are responsible for ensuring that any wellness programs they offer to their employees comply with applicable state and/or federal law, including, but not limited to, GINA, ADA and HIPAA wellness regulations, which in many circumstances contain maximum incentive threshold limits for all wellness programs combined that are generally limited to 30% of the cost of self-only coverage of the lowest-cost plan, as well as obligations for employers to provide certain notices to their employees. Employers should discuss these issues with their own legal counsel.

The Quit For Life® program provides information regarding tobacco cessation methods and related well-being support. Any health information provided by you is kept confidential in accordance with the law. The Quit For Life program does not provide clinical treatment or medical services and should not be considered a substitute for your doctor's care. Participation in this program is voluntary. If you have specific health care needs or questions, consult an appropriate health care professional. This service should not be used for emergency or urgent care needs. In an emergency, call 911 or go to the nearest emergency room.

Disease Management programs and services may vary on a location-by-location basis and are subject to change with written notice. UnitedHealthcare does not guarantee availability of programs in all service areas and provider participation may vary. Certain items may be excluded from coverage and other requirements or restrictions may apply. If you select a new provider or are assigned to a provider who does not participate in the Disease Management program, your participation in the program will be terminated. Self-Funded or Self-Insured Plans (ASO) covered persons may have an additional premium cost. Please check with your employer.

Take care of yourself with health and wellness programs.

See a doctor without leaving home.

Virtual Visits let you connect with a doctor by phone or video.¹ Doctors can treat a wide range of health conditions—including many of the same conditions as an emergency room (ER) or urgent care—and may even prescribe medications.²

Virtual Visits are good for:

- ✓ Allergies
- ✓ Bronchitis
- ✓ Colds
- ✓ Flu
- ✓ Migraines
- ✓ Pink eye
- ✓ Rashes
- ✓ Sinus infections
- ✓ Urinary tract infections
- ✓ And more

Save money with virtual care.

★★★★★
HO

As a High Option member, your first two Teladoc Virtual Visits are free.

After that, you have a copay of just \$10 per visit.

Consumer Driven Option members pay 15% of the Plan allowance through Amwell, Teladoc, and Doctor on Demand, less than the cost of an in-person office visit.

Call 911 immediately or go to the nearest emergency room if you believe you are experiencing a medical emergency.

Try virtual primary care.

Connect with a virtual primary care provider (PCP) and a team of healthcare professionals¹ without leaving home or work.² You can see the same virtual PCP for:

- Annual checkups, prescriptions, and non-urgent care³
- Check-ups for ongoing conditions like asthma, diabetes, and more
- Follow-up visits

The care team will guide you, when needed, to in-person care, such as labs, imaging, specialists and more.

¹Data rates may apply.

²Virtual primary care is applied to primary care benefits—it is not applied to the 24/7 Virtual Visits benefit.

³Certain prescriptions may not be available, and other restrictions may apply.

24/7 Virtual Visits is a service available with a provider via video, or audio-only where permitted under state law. It is not an insurance product or a health plan. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. 24/7 Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Check your benefit plan to determine if these services are available.

Virtual primary care are services available with a provider via video, chat, email, or audio-only where permitted under state law. Virtual primary care services are only available if the provider is licensed in the state that the member is located at the time of the appointment. Virtual primary care is not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Certain prescriptions may not be available, and other restrictions may apply.
